

Press Release

Seamus Mc Guinness joins ELO Digital Office AU/NZ P/L

Sydney, December 7th, 2006. Seamus Mc Guinness joins ELO Digital Office as new Business Development Manager.

Due to significant growth in the Australian market over the last 18 months, ELO Digital Office Australia sought to strengthen its management team with an industry knowledgeable tier-one manager.

Seamus Mc Guinness has been involved within the Australian imaging and document management industry for over 15 years. As the previous managing director of DICOM Australia and other industry leading companies, Seamus has gained the trust of customers, business partners, industry bodies and many more. His achievements at DICOM and other imaging and DMS companies made Seamus a perfect fit for ELO Digital.

Seamus will focus his attention on client acquisition for both direct acquisition as well as Business Partner Support.

Rainer Krause, ELO Digital's Australian Managing Director, said: "Having Seamus joining ELO Digital could not have come at a better time. Leading up to some major investments it is paramount to have an experienced management team together. His management experience in building up a technology leading company will help ELO Digital to accelerate its already impressive growth."

Before leading DICOM to a successful entry into the Australian and New Zealand market Seamus held the position of ACA Pacific's National Manager – another icon in the Australian imaging industry.

ELO Digital Office

ELO Digital Office develops and distributes high performance software solutions for document management, digital archiving and workflow management. ELO Digital has undergone high growth, so that it now ranks as one of the world's leading ECM/DMS software developers. The company actively cultivates numerous technology partnerships with software and hardware providers including Microsoft, Hewlett-Packard, Sun Microsystems, Kyocera, Kodak and many more. The ELO product range fulfils all DMS/ECM system requirements and provides an ideal platform for efficient knowledge and information management.

Due to the scalability of ELO Digital products they are utilised by a wide range of companies, of varying sizes and within numerous industry sectors. Well known customers such as Lufthansa, BMW, Airbus, EADS, Airbus, Alcatel, Commerzbank, Greek National Bank, Goodyear, Siemens or Daimler Chrysler as well as various national and regional authorities underline the level of quality and innovation found in ELO products.
