

A person is climbing a vertical rock face on the left side of the image. The person is silhouetted against a bright, golden sunset sky with scattered clouds. The sun is low on the horizon, creating a strong glow. In the background, there are dark, silhouetted mountains. The overall mood is one of challenge and achievement.

Unlock Your Potential

**ELO Digital unlocks
Opportunities for Scanning Bureaus**

Unlock Your Potential

To stay in front of the competition and provide the customers with ever increasing services a Scanning Bureau must evolve from a paper processing company to a Digital Solutions Provider

Many bureaus have the same challenges! Once the scanning and indexing is completed the revenue stream is usually limited to document storage and document retrieval fees. Often the images are uploaded into a 3rd part system and with that the income is transferred to someone else.

A number of bureaus have started to expand their income opportunities but haven't had the chance to create long-term, secure and recurring revenue streams.

That can change now! Together with clients and partners ELO has developed a proposal, tailored to scanning bureaus that increases customer loyalty, provides more comprehensive document solutions and has a fast ROI.

Imagine you could be part of the back-end solution.
Imagine you can generate income after the 'bureau job' is done.
Imagine you can offer a total document management solution to your customers.
You can do all of this with a single partner.

ELO Digital is offering you a partnership that will delight your customers and your bottom line.
