

PRESS RELEASE

Taronga Zoo to use ELO

The Taronga Conservation Society Australia chooses ELO Digital for Document, Records and Email Management

Sydney – June 2009

The Taronga Conservation Society Australia has selected ELO Digital Office to provide Document, Records and Email Management solutions for Taronga and Taronga Western Plains Zoos. ELO was contracted by the TCSA under NSW GSAS IAMS 2602.

“After an in-depth analysis of the Zoo’s requirements it was clear we needed a comprehensive solution to managing the Zoos’ electronic and paper assets,” TCSA Records Manager, **Pamela Burgoyne**, said.

“We’re dealing with historically significant documents which are sometimes more than 100 years old and need to be preserved for many years to come. In addition we needed to cater for all modern records management requirements of a very public entity.”

The pilot project involved mainly administrative departments such as Human Resources and Capital Works & Infrastructure, but also animal collection and research departments. It is anticipated that by the end of 2010 almost 400 Zoo staff will be using ELO’s system.

Training for staff has already begun.

Rainer Krause, ELO’s Australian Managing Director, praises the passion of all involved: “It is great to see, that ELO can help the Zoo staff to focus on their passion to conserve rare animals, precious documents and streamline internal processes.”

Pamela Burgoyne said: “Once the software was installed, the hard work began. We needed to get the various stakeholders into new processes regarding essentially all business activities. The ELO team created interfaces to ARKS (Animal Records Keeping System), the Zoo’s Active Directory and its legacy records management system (CARMS II).”

Contract No. 2602
1/06/2008 - 31/05/2011

PRESS RELEASE

After Newcastle Airport, the Taronga Conservation Society Australia is ELO's second NSW Government agency since being selected to the GSAS - IAMS 2602 Contract in July 2008. "For us it is a great honour having been selected by the Zoo and we will make sure that a first class solution is delivered. Like German, Hungarian, Czech and Indonesian Government agencies now two great NSW Government agencies will be using our software" remarks **Karl-Heinz Mosbach**, CEO at ELO's HQ in Germany. "For us, a project is only completed when the user uses ELO successfully!"

Taronga Zoo will manage its documents and records using ELO's core product **ELOprofessional** and the modules **ELO XC**, **ELO Fulltext (OCR)**, **ELO PDF Printer**, **ELO Internet Gateway**, **ELO Barcode** and possibly **ELO for SAP**.

ELO has also become a sponsorship supporter of the TCSA by providing extra licences for the system.

ELO Digital Office

ELO Digital Office develops and distributes high performance software solutions for document management, digital archiving and workflow management. ELO Digital has undergone high growth, so that it now ranks as one of the world's leading ECM/DMS software developers. The company actively cultivates numerous technology partnerships with software and hardware providers including Microsoft, Hewlett-Packard, Sun Microsystems, Kyocera, Kodak and many more. The ELO product range fulfils all DMS/ECM system requirements and provides an ideal platform for efficient knowledge and information management.

ELOprofessional is a modular client-server based solution aimed at meeting the requirements of middle-sized companies. The final product in the range is **ELOenterprise**, which offers a high performance, platform independent, scalable high-end solution, particularly suitable for data centres and portal applications.

All of the products are compatible with one another and allow data transfer or updates to be carried out at any time. Due to the scalability of ELO Digital products they are utilised by a wide range of companies, of varying sizes and within numerous different sectors. Well known customers such as Taronga Zoo, Remondis, Newcastle Airport, TSCO, KyoceraMita, Lufthansa, BMW, Airbus, EADS, Airbus, Alcatel, Goodyear, Siemens or Mercedes Benz as well as various national and regional authorities underline the level of quality and innovation found in ELO products.
